

October 2021

Natural gas rates have changed

Rate 1

For **residential customers**

New natural gas rates

The Ontario Energy Board (OEB) has approved changes to Enbridge Gas' rates effective **Oct. 1, 2021**.

For a typical residential customer the total annual bill increase will be \$81.22. The total impact on your bill will depend on how much gas you use.

Delivery to You

The delivery rates that vary with consumption increased based on our forecast cost of delivering natural gas to your home. These charges also include a facility carbon charge associated with the operation of Enbridge Gas' facilities to deliver natural gas to you.

Transportation to Enbridge

The transportation charge has increased by approximately \$10.57 per year for a typical customer due to higher costs for transporting natural gas to Ontario.

Federal Carbon Charge

The federal carbon charge is 7.8300 cents per cubic metre (¢/m³). This charge increases annually each April. All of the money collected for this charge goes to the federal government.

Visit enbridgegas.com/federalcarbonprogram for more information.

Gas Supply Charge

The gas supply charge has increased from 11.8074 ¢/m³ to 14.9222 ¢/m³. The gas supply component of the cost adjustment is currently a refund of 1.6354 ¢/m³. This refund, combined with the gas supply charge, results in a new total effective gas supply rate of 13.2868 ¢/m³.

Cost Adjustment

The current adjustment is a refund of 1.9213 ¢/m³ effective until Dec. 31, 2022. Please see the chart on the reverse for the breakdown by component.

Rate Adjustment

The OEB has approved a rate adjustment to reflect the difference between the amount customers paid for energy conservation programs (DSM) from Jan. 1 to Dec. 31, 2019 and the actual costs incurred. This will appear as a one-time charge on customers' October bills, and for a typical residential customer this will be a charge of approximately \$7.38.

The OEB has also approved a rate adjustment to reflect the clearance of 2019 deferral and variance account balances. This will appear as a one-time refund on customer's October bills, and for a typical residential customer this will be a refund of approximately \$3.44.

The adjustments will be combined and appear as a single Rate Adjustment line item on your bill.

Charges for gas used from Oct. 1, 2021 will be calculated using the new approved rates as shown on the reverse. The annualized impact is based on a typical residential customer who uses 2,400 cubic metres (m³) per year.

Charges	Rates at Oct. 1, 2021	Annual increase or (decrease)
Customer Charge	\$21.83 Monthly fee	No change
Delivery to You Amount of gas used per month in m ³		
First 30 m ³	11.0170 ¢/m ³	\$8.28
Next 55 m ³	10.3974 ¢/m ³	
Next 85 m ³	9.9123 ¢/m ³	
Over 170 m ³	9.5506 ¢/m ³	
Facility Carbon Charge (included in Delivery to You on the bill)	0.0066 ¢/m ³	No change
Transportation to Enbridge	4.1543 ¢/m ³	\$10.57
