Subject: Hello & Thank You

Hi Martina,

I wanted to take an opportunity to thank you for your help & assistance while we were going through the objection process with the rezoning of our neighbouring property in November. I intended to write to you before now, and while it has been almost two months since the Township meeting, I still wanted to reach out.

While we were disappointed that Council did not pause their decision-making and make a site-visit to assess the impact (given the unique circumstances of the properties involved, and the concerns with Carveth's Marina Road now a thoroughfare to our private driveway), it does not take away from our experience with you leading up to the meeting.

You were very approachable and made us quite comfortable with asking as many questions as we needed. Had we had the same experience at the Peterborough County level, perhaps things would have turned out differently.

We hope you and your family are well, and have a healthy & prosperous 2022!

All the best,

Lisa Roche
