Subject:

Good Morning,

I am writing this morning on behalf of Douro Minor Hockey. We have been very thankful for the township and council support in our quest for Kraft Hockeyville. As we know, being named top four in Canada has been huge for Douro Dummer Township. We will receive \$25,000 for arena upgrades and our minor hockey program will receive \$10,000 in hockey equipment for our programming. We are very hopeful to get the support needed in votes to be named the Kraft Hockeyville community of 2022!

The Douro Minor Hockey executive would like to be able to host a live airing of the show on May 7 and have a community gathering for this. Our hope is that we could utilize the Douro arena. We are awaiting details on whether Sports Net will be live on location for the announcement or not. In the meantime our executive is busy planning. Our intentions would be to have the arena floor area for families to view the show on big screens and the upstairs would be a cash bar area. Our thought is that in opening the bar area upstairs it keeps the drinking away from the main action. We would need the arena from approximately 4:00 for set up until 11pm after the hockey game ends.

We are very hopeful to have the townships support in this and look forward to hearing back.

Thank you

Liam Ryan

President Douro Minor Hockey
